

Akiles ProLam Ultra Professional 13" Photo Pouch Laminator

- User Friendly
- Auto Shut-Off
- Digital Control

The ProLam Ultra is a smart machine that delivers professional, crystal-clear, and bubble-free results, controlled digitally with its keypad and easy-to-read LCD display. Its preset settings ensure you have the correct temperature and speed for different pouch thicknesses. Not only is it cool to the touch while in use, but it also automatically cools and shuts itself down after usage.
