

## Akiles Crimp-@-Coil Electric Double-Sided Coil Crimper

- Industrial
- Metal Construction
- High Volume

Akiles Crimp@Coil is an easy to use electric coil crimper that cuts and crimps both sides of the coil at the same time, preventing it from rolling back out of the holes of your document. Unlike any other machine on the market today, the unique design of the Akiles Crimp@Coil accommodates all coil sizes from 6mm - 50mm, without the hassle of interchanging any parts. Its simple 5-Step setup only takes the operator seconds to change coil or sheet size settings. Akiles Crimp@Coil is the ideal choice for high-volume binding facilities, as well as anyone who wants to avoid using manual crimping pliers during the coil binding process.
