

Akiles FlexiPunch-E Electric Punch Model: AFP-E

- Versatile
- Powerful
- Easy to Use

Make the most of your workspace and your money with the FlexiPunch-E Electric Punch by Akiles! This modular binding system combines power and function, enabling you to easily change between the four most popular binding punch patterns (4:1 coil, 19-hole comb, 2:1 wire, and 3:1 wire). All four dies feature the same robust 20-sheet punching capacity, and can be changed out in under a minute. Add an optional wire closer and comb opener for a full-function binding solution.
